YOUR CAREER JOURNEY BEGINS NOW

MATCH YOUR INTERESTS WITH 500+ PROGRAMS.

Use the online quiz to select interests and qualities that describe you. In under 5 minutes, you will be matched with career options that fit your lifestyle and personality.

WANT TO TAKE THE CAREER QUIZ?

🌐 **WTCSystem.edu/quiz**

EVERYTHING YOU NEED TO BE SUCCESSFUL

Begin a career you love when you select from 500+ programs

» Attend classes on your schedule and wherever necessary with flexible and online courses

» Learn insider skills from the best — expert instructors with industry connections

» Build experience and confidence by using the latest tools and technology to meet employers' needs

» Learn from expert instructors who provide guidance and teach practical, real-world skills. You will be career-ready with the technical and soft skills you've developed

» Many college support systems are in place to allow you to focus on the classes and learning you need to succeed

» Built-in services of all kinds help you meet and even exceed your goals — from planning your schedule to providing career services — and everything in-between

LIFELONG LEARNING

WE'RE ALWAYS HERE FOR YOU.

Global markets and rapid technology innovations are shaking up the business world and creating new opportunities. The need for skilled workers among employers is increasing, as these jobs make up about 60% of U.S. jobs in manufacturing, health care and IT. These careers require advanced technical skill sets, but they also require soft skills and problem-solving ability.

As workplace technology advances more quickly, automation may replace some jobs, but it will also require entirely new jobs with new skills. Employees also need skills upgrades along the way. Wisconsin's technical colleges have close industry partnerships that ensure the education is relevant to prepare and deliver quality employees.

Whether you want to start with career-focused education or a more general path and transfer into a four-year university, a technical college will provide everything you need to transition and succeed.

The work ahead of you will not be easy, because your education will help you push your personal limits and expand your potential. But the experience will be very fulfilling as you see your goals become reality and you improve your career prospects and quality of life.

WE HELP CREATE OPPORTUNITIES AT ANY POINT IN LIFE:

» Students who take college courses in high school may earn a degree faster and save money on college credits.

» Veterans may round out or add to their military experience and leadership with new technical or academic skills.

» Professionals with experience who may want to improve or change careers by adding or developing skills.

» Professionals who want to keep industry certifications current or add new ones.

» Technical college students or graduates who want to apply their credits toward a 4-year university or college degree.

» Bachelor's degree holders who want more workforce skills aimed at getting a specific job to help their job prospects.

» Employers who support employees learning new skills or enhancing existing skills may build longevity by supporting employees' continued learning.

» Employers who want to provide staff with learning opportunities and job growth.

DEMOGRAPHICS BY AGE

DEGREES FOR EVERY NEED

CAREER PATHWAYS HELP YOU START SMALL AND DREAM BIG.

CERTIFICATES

Short-term certificates meet employers' custom needs for skills or certifications in business, health, trade and industry.

SHORT-TERM PROGRAM

These programs focus on custom skills related to specific jobs and can often take less than one year to complete.

TECHNICAL DIPLOMA
(one or two years of full-time study)

Technical diploma programs deliver hands-on learning and are offered at all Wisconsin technical colleges.

ASSOCIATE DEGREE
(60-70 credits)

All Wisconsin technical colleges offer two-year programs requiring about 60 semester credits leading to an associate degree.

TRANSFER TO A FOUR-YEAR

Many credits transfer into four-year degree programs. This is an affordable way to begin your four-year degree.

Here's a quick overview of the types of degrees you can earn at a Wisconsin technical college (either before or after completing a bachelor's degree), expanding your career potential.

CERTIFICATE (typically six months or less)

» Entry-level or specific skill-related credentials for quick employment gains

TECHNICAL DIPLOMA (one- to two-year programs)

» Real-world programs created with employer input

» Typically one to two years to complete full time

ASSOCIATE DEGREE (two-year programs)

» Academic degree with a focus on hard and soft skills

» Typically two years to complete full time

» May build on smaller credentials (certificates, degrees and diplomas)
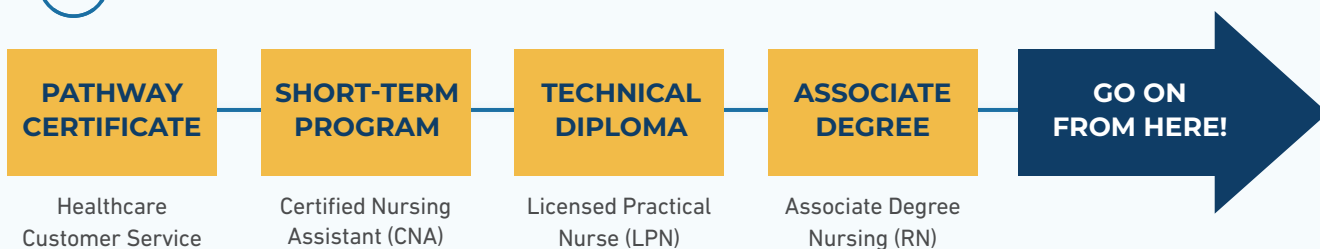

APPRENTICESHIP (journeyworker status)

See page 46 for more information on apprenticeships

» Participating employers pay for supervised, structured on-the-job training and classroom learning

» Prepares skilled tradespeople to enter the workforce with a median salary of $81,000+/year (six months after completion)

» Visit **WTCSystem.edu/apprenticeship** for more information

There are as many possible paths as there are technical college students. Even while working toward a high school diploma, a student may begin to take college courses, either through dual credit opportunities or through youth apprenticeships.

The illustration below is an example of a pathway a student might take if they are interested in health care. Each step in the pathway adds credentials and improves career outlook, and students could start at any point along the path.

PATHWAY CERTIFICATE	SHORT-TERM PROGRAM	TECHNICAL DIPLOMA	ASSOCIATE DEGREE	GO ON FROM HERE!
Healthcare Customer Service	Certified Nursing Assistant (CNA)	Licensed Practical Nurse (LPN)	Associate Degree Nursing (RN)	

EARN CREDIT BEFORE COLLEGE

## SHORTEN YOUR TIME TO A DEGREE.

DUAL CREDIT

ADVANCED STANDING AND TRANSCRIPTED CREDIT

You can earn college credits before starting college. In fact, the more college credits you earn in high school, the further you will be on your pathway toward a college degree. Some students who plan carefully may even complete a college degree or diploma while in high school. This early entry into the pathway helps you get a head start, saving you time and money.

START COLLEGE NOW

Juniors and seniors who qualify while in high school can take college courses at a Wisconsin technical college. Approved courses count toward high school graduation and college credit.

Visit **WTCSystem.edu/dualcredit** for more information on earning college credits while still in high school.

Source: 2021 Graduate Outcomes Report

97%
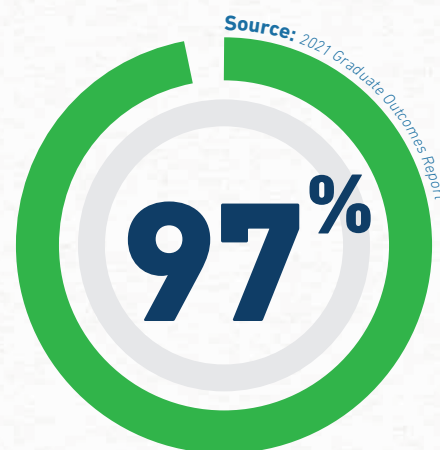

OF WISCONSIN'S TECHNICAL COLLEGE GRADUATES ARE SATISFIED OR VERY SATISFIED WITH THEIR EDUCATION.

YOUTH APPRENTICESHIP

Youth Apprenticeship offers great opportunities for high school students. Participating students can explore college courses and related careers on the way to high school graduation. The employer pays the college costs and pays the student for part-time work under the supervision of a skilled mentor.

Youth apprenticeships are available in many different industries, including:

- Agriculture
- Food and Natural Resources
- Architecture and Construction
- Arts, A/V Tech and Communications
- Health Sciences
- Finance
- Manufacturing
- Marketing
- Science, Technology, Engineering and Math (STEM)
- Transportation, Distribution and Logistics
- Information Technology (IT)
- Hospitality, Lodging and Tourism

TRANSFER
OPTIONS

YOUR LIFE. YOUR COLLEGE. YOUR PATH.

College is a big decision and a big investment. Consider a more approachable path with a short-term or two-year program and gradually work up to a bachelor's degree (or more). Wisconsin technical colleges offer a variety of certificates and degrees designed to build on each other, giving you several options for degree completion and job advancement.

DID YOU KNOW? Many people who have earned a bachelor's degree return to a technical college to learn new or different skills, or to prepare for a technical occupation with more in-demand and high-paying job opportunities.

IN

TRANSFER CREDITS TO A TECHNICAL COLLEGE

If you previously attended another college or university, you may be able to transfer credits, receive existing credits or earn new credits for skills and knowledge you gained at that college. Wisconsin technical colleges also grant college credit for career-related learning, work experience and military service.

OUT

TRANSFER CREDITS TO A UNIVERSITY

All 16 technical colleges have program-specific transfer agreements with four-year private colleges and universities and the University of Wisconsin System as well as some colleges and universities in other states.

PROMISE PROGRAMS & OTHER SCHOLARSHIP OPPORTUNITIES

Many of Wisconsin's technical colleges are making college possible for qualified, low-income students in their respective technical college districts. Promise programs are funded privately through relationships the technical colleges have with local partners. These programs allow new high school graduates — who otherwise may be unable to attend technical college because of low family income — to earn a degree tuition-free. Check with your technical college of choice to see if they offer these opportunities.

EDVEST 529 COLLEGE SAVINGS PLAN

The Edvest College Savings Plan is a college savings plan designed to make it easy to save for college while creating tax advantages — even on a modest budget. Open an account with as little as $25 per investment option. Some contributions may be Wisconsin tax- deductible up to a certain amount; learn more at **edvest.com.**

SCHOLARSHIPS AND GRANTS

CAN MAKE A HUGE DIFFERENCE WHEN IT COMES TO YOUR EDUCATION.

There are numerous scholarships, grants and other aid programs offered federally and locally that may go unclaimed. Every little bit helps, so check with your college's financial aid office to see if you may qualify for scholarships.

FINANCIAL AID

Students who are interested in financial aid should complete the Free Application for Federal Student Aid (FAFSA). Many factors determine the level and types of aid students receive. Learn whether you qualify for state and federal financial aid programs at **fafsa.gov.** You won't know if you are eligible for financial aid unless you apply. It's well worth the effort.

For more information about federal student aid programs, eligibility and the application process, consult the U.S. Department of Education website **studentaid.gov.** Students interested in financial aid need to complete the FAFSA as soon as possible after October 1 for enrollment the following fall.

COLLEGE GOAL WISCONSIN EVENTS

College Goal volunteers help students and families complete financial aid application forms, including the FAFSA. There are typically more than 30 events around the state between November and January. Learn more at **collegegoalwi.org.**

SHARED PROGRAMS

To provide more program options, a college may collaborate on, or share, a program with another college, offering some classes at each institution. Students seeking financial aid must apply at the degree-granting college that will process and pay the financial aid.

WE'RE HERE
TO HELP

IT'S THE TECHNICAL COLLEGE DIFFERENCE.

### CREATE YOUR OWN UNIQUE PATH

A technical college education is flexible and offers you a chance to carve your own path. Support systems and student life activities enrich your experience, clear hurdles and help you grow. College faculty and staff are dedicated to your success. Whether you need physical, academic, financial or other assistance, many of our colleges may have resources like these to help you focus on your education.

- Student support groups
- Health clinics
- Daycare facilities
- Library resources

- Technical support
- Tutoring
- Cafés and cafeterias
- Employment / Career Centers centers

- Student lounges
- Writing labs
- Emergency assistance grants
- Food pantries

IT'S NOT ALL JUST SCHOOLWORK

If you want to expand your experience, explore interests, meet people or challenge or challenge yourself along the way, our student life opportunities are numerous and fulfilling. Did you know several technical colleges offer residence halls? For other ways to round out your experience and gain independence, you may also enjoy:

- College intramural sports
- College extramural teams
- Honor societies
- Drama, journalism and arts
- NJCAA (National Junior College Athletic Association) sports, **including e-sports**
- Service learning to give back to the community and learn at the same time.

- Professional groups and clubs
- Leadership development activities
- Student government
- Optional study abroad opportunities
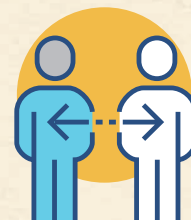

SUPPORT
YOUR FELLOW STUDENTS
AND GET **DISCOUNTED SERVICES** IN THE CAMPUS SALON OR AUTO SHOP
(options vary by college).

You can begin with as few as two credits or you can earn a complete diploma or degree, **THE FUTURE IS IN YOUR HANDS.**

CAREER-FOCUSED EDUCATION

Employers consistently look to technical college grads to fill their needs. High-tech and middle-skills positions in Wisconsin now account for 60% of jobs in industries such as manufacturing, health care and IT. Employers rely on technical colleges to provide skilled workers to remain competitive on a global scale.

Starting with an associate degree does not prevent you from transferring those credits into a bachelor's degree or higher. In fact, many students who have already earned a bachelor's degree enroll at a technical college to earn a career-focused degree in a field that is relevant, fulfilling, and likely to be hiring.

CONNECTING JOB SEEKERS AND EMPLOYERS

Wisconsin's technical colleges have dedicated career service specialists to help you every step of the way, including helping you find an internship or land that perfect job. **Handshake** is a free, statewide online employment listing where more than 16,000 employers connect with technical college graduates and students who are seeking employment.

>> Post your resume online for employers and benefit from a network of employers whose needs will be matched to your skills.

>> Get email notifications of available jobs matching your program.

>> Search all employment opportunities and get customized results.

>> See which employers have viewed your profile and those who have messaged you.

SERVING THE NEEDS OF VETERANS

THANK YOU FOR YOUR SERVICE.

BENEFITS FOR VETERANS AND MILITARY PERSONNEL

More veterans are enrolling in college than ever before. Wisconsin's technical colleges have responded by increasing the services and assistance they provide to veterans. **Credit for prior learning and experience** gives veterans a head start. GI benefits help veterans get a hands-on education and mold their valuable and hard-earned experience around future career posibilities. Let us help you develop and promote your talents in a field that matches your skills.

BLACKHAWK

FLEXIBLE EDUCATION. SUPPORTIVE ENVIRONMENT.

A degree from Blackhawk will increase your earning potential, elevate your skills, enrich your life and expand your perspective.

LAKESHORE

REAL EXPERIENCE FOR THE REAL WORLD.

Lakeshore Technical College has over 70 degree programs in 14 focus areas including Advanced Manufacturing, Business Management & Administration, Healthcare, Public Safety, and Culinary Arts. Even more impressive? Lakeshore has program and course transfer options with all University of Wisconsin System campuses and 15 private in-state colleges—over 300 total transfer options.

These agreements continue to grow every year and students can save thousands of dollars in tuition, fees, housing, and personal expenses. Seventy-three percent of Lakeshore's associate degree graduates who continue their education choose a four-year institution. On estimate, students save $6,000 in tuition and fees alone by staying at home and attending Lakeshore their first two years of college rather than attending a four-year college. Those savings are significantly higher when considering housing costs.

COLLEGE YOUR WAY

Lakeshore strives to offer higher education your way. Some prefer online, some prefer nights, and others are looking for something more traditional. All programs offer personalized attention from instructors experienced in their fields. No matter if you are seeking an associate degree to begin your career or wanting to further your education, Lakeshore is your starting point.

For more information on individual Lakeshore courses or associate degree programs that transfer to other colleges, visit gotoltc.edu/transfer.

MILWAUKEE AREA

PROUD TO BE MILWAUKEE'S ALTERNATIVE.

With high-quality education, low-cost tuition, flexible start dates and small classes, MATC is the alternative to the way Milwaukee-area students go to—and pay for—college. We also offer a less expensive path to a four-year degree through more than 40 college/university transfer partners.

OUR GRADUATES ARE SUCCESSFUL:

- $48,334 average starting wage for associate degree grads
- $45,756 average starting wage for technical diploma grads

WHY DO 25,000+ STUDENTS CHOOSE US?

MATC features innovative technology for hands-on learning, instructors with real-world experience, bilingual programs and staff, internship and clinical placement opportunities, and assistance connecting to careers or four-year partners. For needs outside of class, we offer resources to help with child care, food, housing and transportation.

The MATC Promise means free tuition for eligible new high school graduates and eligible adults! The Promise covers eligible students' tuition costs, after scholarships and other grant aid are applied, up to 75 credits. (Books, program fees and equipment are not covered.)

MORAINE PARK

IMAGINE WHAT'S NEXT.

Whether you are starting out or starting over, at Moraine Park Technical College, we're here for you. We work to make education accessible and affordable. With three campus locations and more than 100 associate of applied science degrees, technical diplomas, apprenticeships and certificates to choose from, the College offers endless opportunities for learning and professional development.

Take advantage of dual credit classes as a high school student and earn college credits before graduating at a fraction of the cost! Become a skilled professional in one year or less with Moraine Park's certificate and technical diploma programs. Build upon your certificate to earn a technical diploma or associate degree.

Moraine Park offers programs to help fill some of the most in-demand, innovative, and high-paying jobs in our district. The College will support you every step of the way and tailor your educational journey to your needs.

Beyond the classroom, Moraine Park encourages students to unite, get involved and build lasting connections.

You can turn career dreams into reality at Moraine Park Technical College.

NICOLET COLLEGE

NICOLET WORKS FOR YOU.

Whether you're earning a technical degree or transferring to a university, Nicolet College will work for you. With hands-on learning, you can develop a skill and apply it directly to a career. Or you can start your education toward a higher degree with our pre-major options and liberal arts degrees. Plus, monthly start dates, personalized-pace, online programs, and low tuition works to make college doable and affordable for you.

HERE'S HOW NICOLET WORKS FOR OUR STUDENTS

"Nicolet was the perfect option for me... it allowed me to explore what I really wanted to focus on before going to a UW school."

— Langdon, University Transfer Alumni

"The tuition was so affordable that I could go to college and not have a ton of debt. That was a huge relief."

— Nick, Criminal Justice Alumni

"The small class sizes were really nice because I created relationships with my peers and I had more one-on-one time with my instructors which was really helpful."

— Lindsay, Associate of Arts

"My instructors were extremely helpful and knowledgeable. They were always willing to support me and had so much experience to share."

— Matt, Information Technology Alumni

"Nicolet works because it offered a close to home location, the hours and times of my classes were very flexible, and it offered me a friendly and supportive environment."

— Val, Early Childhood Alumni

NORTHCENTRAL
START HERE. GO ANYWHERE.

At Northcentral Technical College (NTC), you can choose from over 190 programs in the most in-demand fields including Agricultural Sciences, Utilities, Transportation, Business, Community Services, Advanced Manufacturing + Engineering, Health and Public Safety. And the opportunity for customized learning doesn't end there—we believe in meeting students where they're at. So whether you want to learn in person, online through our innovative Virtual College or decide day-by-day or week-by-week based on your preference and schedule with NTC Connect, we're here to help you succeed.

AFFORDABLE.
With our affordable tuition, beginning at NTC just makes sense. Students graduate with less debt and start earning faster.

EMPLOYABLE.
Ninety-three percent of our graduates are employed within one year of graduation. In fact, many students get jobs even before they've crossed our graduation stage.

TRANSFERABLE.
Continue your learning by transferring to one of our public and private university partners including Purdue University, Michigan Tech, or within the UW System. NTC students can also earn their Associate of Arts or Science degree and transfer to a four-year college or university.

ENJOYABLE.
We invite you to live, connect and grow as you embrace the full Timberwolf experience. Live on campus at Timberwolf Suites, participate on our collegiate esports team, join an intramural sport or club and take in all that NTC campus life has to offer.

NORTHEAST WISCONSIN

SOAR HIGHER WITH US.

Imagine this: You're thriving in a career you love. And making a difference every day. For your community. For your family. For you.

It all starts at NWTC, where you can excel in a flexible, career-focused degree that fits your goals. Match your interests with one of our 200-plus academic programs (if you're unsure of your career path, we can help!). Choose how and when you want to learn – in-person or online; day, evening, or weekend.

UNAPOLOGETICALLY AFFORDABLE PATH TO A BACHELOR'S DEGREE

Begin your bachelor's at NWTC and save thousands in tuition. We have transfer agreements with over 40 other colleges/universities. All NWTC associate degrees have one or more transfer options.

2 YEAR DEGREE. FOUR YEAR FUTURE.

New in Fall 2022: NWTC launched the Associate of Arts and Associate of Science transfer degrees. With the liberal arts programs, you can complete your gen eds at NWTC and transfer as a junior to UW-Green Bay or another partner college.

EXPERIENCE COLLEGE LIFE

• Live music, student clubs, multicultural events, and much more are all part of life at NWTC.

• Student housing is located just steps from the Green Bay campus.

• Travel and learn through numerous study abroad opportunities. Our students have traveled to Thailand, Belize, Ireland, and many other countries.

NORTHWOOD TECH

EXPERIENCE. SUCCESS.

Northwood Tech (formerly WITC) is a nationally top-ranked and Military Friendly® college, known for its commitment to academic excellence, personalized instruction and hands-on learning. With over 100 years of innovative education, the college continues to focus on "Learning First." The four unique campuses, located in northwest Wisconsin, offer over 100 career programs and certificates to choose from.

COLLEGE WHERE AND HOW YOU WANT IT.

Northwood Tech's hands-on and experiential education will give you the confidence and skills you need to experience success. Take classes that fit your lifestyle whether online, in-person, live streaming or even opt for "Your Choice" classes giving you the ultimate in flexibility to choose how to attend each class meeting.

STAY CLOSE TO HOME OR GET AWAY!

With campuses in Ashland, New Richmond, Rice Lake and and Superior, and outreach centers in Balsam Lake, Hayward and Ladysmith, you have options. Explore a new location and take advantage of student housing offered nearby or stay close to home.

Northwood Tech's newest Associate of Arts/Associate of Science degrees allow you to complete general coursework from wherever you are that transfers seamlessly toward a bachelor's degree.

SOUTHWEST WISCONSIN

THIS IS WHERE YOU BELONG.

Southwest Tech combines the best of what a college can offer. Its quiet country-side location is a perfect setting for academic pursuits, yet the college's partnerships with businesses throughout the five-county district provide students with exciting opportunities for success resulting in a 93% job placement within one year of graduation.

OUR FACULTY

Imagine studying Cancer Information Management with the National Cancer Registrars Association Education Foundation Board Chair; Animal Science with a member of the World Dairy Expo Board of Directors; or Automotive Technician with ASE NATEF certified mechanics. Our faculty teach because their purpose is to inspire and our staff and administrators are passionate about helping students succeed. At Southwest Tech, people say hello and the smiles are genuine.

CHOICE

Choose from more than 60 degree and certificate programs, many of which can be taken online. Our Supply Chain Management and Medical Coding Specialist programs are ranked #1 in the country by BestColleges.com. With 20 student clubs to choose from and three intercollegiate sport teams—you'll never be at a loss for something to do or people to meet. Apply today and join the Southwest Tech Charger family!

WAUKESHA COUNTY

HANDS-ON HIGHER ED.

Applied learning, state-of-the-art technology, instructors with real-world experience, transfer options and employer connections are just a few reasons students choose Waukesha County Technical College.

Classes are hands-on and interactive, faculty successfully combine theory with practice, and everyone at WCTC is committed to your success.

WE'LL HELP YOU ON YOUR WAY

We offer 170+ programs in high-demand fields. Many career pathways are available for those interested in earning credentials in stages and building toward advanced certificates, technical diplomas or associate degrees—all leading to skills that can immediately be applied to the workforce.

GET A HEAD START WHILE STILL IN HIGH SCHOOL

WCTC offers multiple ways for high school students to earn high school and college credit simultaneously, including the NEW Excelerate initiative, which allows qualified juniors and seniors to apply directly into a college program.

A WELL-ROUNDED EDUCATION

WCTC's diverse student organizations help you strengthen networking and leadership skills. Internships provide real-world experience and often lead to employment. Service learning gives you the chance to integrate education while giving back to the community. On-campus resources feature a variety of tutoring services and career planning tools, and if you need financial assistance, we can help there too.

WESTERN

IT'S ABOUT FINDING WHO YOU ARE.

College is where you meet new friends, try new things and earn a degree that gives you the life you want. At Western, you can do that and a whole lot more.

Get the full college experience by living in our 200-bed, suite-style residence hall. Hang out with your friends in the Union Market—complete with fresh, made-to-order food, comfy couches and large screen TVs. Join an intramural sports team, one of our 35 clubs and organizations, student government or one of four competitive NJCAA sports teams, including a new Esports team!

IT'S ABOUT THE ESSENTIAL EXPERIENCE YOU NEED

You want the career that's right for you, and Western can help you get there. Health sciences, public safety, transportation, business or information technology? Western has more than 100 career options. Our instructors have the essential experience required to teach you the skills you need in our state-of-the-art facilities.

AND THE CHOICES YOU WANT

Maybe you want to start here and transfer there? No problem. In addition to our Associate of Arts and Associate of Science degrees, we have transfer agreements with universities both near and far. Take up to two years of generals at Western and transfer to almost any four-year college.

WE'RE READY
WHEN YOU ARE

YOUR FUTURE LOOKS BRIGHT.

Wisconsin's technical colleges are nimble. We've been offering online and in-person classes for a long time, and we're ready for whatever comes next. As quickly as the economy changes, the colleges respond to employer needs by offering new programs and certificates to match available jobs. That means the list of over 500 programs offered at the colleges is always evolving – visit **wtcsystem.edu/programs** for the most up-to-date offerings.

PROGRAM TITLE (ARRANGED BY CAREER CLUSTER)

Program Title	Program Number	Degree Type	Blackhawk Technical College	Chippewa Valley Technical College	Fox Valley Technical College	Gateway Technical College	Lakeshore Technical College	Madison College	Mid-State Technical College	Milwaukee Area Technical College	Moraine Park Technical College	Nicolet College	Northcentral Technical College	Northeast Wisconsin Technical College	Northwood Tech	Southwest Tech	Waukesha County Technical College	Western Technical College
Automotive Technology Maintenance Light Repair	30-602-4	S								★								
Automotive Under Car Technician	61-602-1	P				★												
Aviation Maintenance Technician - General Cert (AMT-G)	61-486-1	P								★								
Aviation Mechanic (Airframe)	31-486-1	1								★								
Aviation Technician - Powerplant	31-486-2	1								★								
Diesel and Heavy Equipment Technician	32-412-1	2	★	★				★	★									★
Diesel and Heavy Equipment Technician Assistant	31-412-2	1								★								★
Diesel and Power Train Servicing	31-412-3	1								★								
Diesel Construction Equipment Service (FABTECH)	32-412-3	2			★													
Diesel Engine Service Technician (FABTECH)	31-412-7	1			★													
Diesel Equipment Mechanic	31-412-1	1			★	★							★				★	
Diesel Equipment Technician	32-412-4	2			★	★									★			
Diesel Equipment Technology	10-412-1	A			★	★		★										
Diesel Heavy Equipment Technician	31-412-6	1											★					
Diesel Heavy Equipment Technology	10-412-4	A											★					
Diesel Maintenance Technician	30-412-2	S														★	★	
Diesel Mechanic's Assistant	61-412-1	P				★												
Diesel Medium & Heavy Truck Technology	10-412-3	A											★					
Diesel Medium and Heavy Truck Technician	31-412-8	1											★					
Diesel Power Generation & Marine Service (FABTECH)	32-412-2	2			★													
Diesel Technology	10-412-2	A											★					
Diesel Technology Assistant	61-412-2	P			★													
GM Express Service Technician	30-602-5	S			★													
GM Service Technician	31-602-4	1															★	
Marine Repair Technician	31-461-4	1														★		
Motorcycle, Marine and Outdoor Power Products	31-461-2	1		★		★												
Outdoor Power Equipment Technician	31-461-3	1			★													
Power Sports Technician	31-461-3	1														★		
Production Planner	61-182-5	P														💻		
Purchasing Agent/Buyer	61-182-4	P														💻		
Supply Chain Assistant	31-182-1	1					💻						💻			💻		
Supply Chain Management	10-182-1	A	💻	💻	💻	💻	💻			★			💻	💻		💻	💻	
Supply Chain Professional	30-182-3	S															★	
Supply Management	30-182-1	S								★								
Transportation - Logistics	30-182-2	S								★								
Truck Driving	30-458-1	S		★	★	★				★			★		★		★	
Vehicle Refinishing and Repair Technology	10-405-3	A			★													

Degree Types: *P = Pathway Certificate; S = Short Term; 1 = 1-year Technical Diploma 2 = 2-year Technical Diploma; A = Associate Degree*

Note: *Completion times based on full-time credit enrollment. Some online programs may require occasional campus visits. Check with your college to confirm.*

APPRENTICESHIP
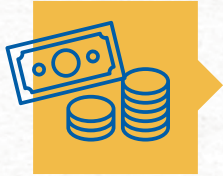

YOUR FUTURE LOOKS BRIGHT

Apprenticeship is one of the many career pathways available with great job prospects, and great family-supporting wages. It combines on-the-job training with classroom instruction, giving you the skills and knowledge to succeed in your career. The tuition and fees are covered by participating employers.

Where apprenticeships were once common only in skilled trades like construction and manufacturing, apprenticeships are such a successful way to educate workers that they are now available for some service careers including finance, IT and health care.

If you want to earn money from the start and finish without student debt, an apprenticeship may be just the right opportunity.
